DATA ANALYST

Power BI & DAX | Excel | Data Visualization

PROFESSIONAL SUMMARY

- Data Analyst with a **B.Eng. in Electrical and Electronics Engineering** and hands-on experience in **Power BI, DAX, Power Query, Excel, SQL, and Python**, turning raw data into actionable, data-driven insights for business stakeholders.
- Completed **4 end-to-end analytics projects** across **sales, HR, healthcare, and logistics**, covering data cleaning, data modeling, exploratory data analysis (EDA), KPI reporting, and interactive dashboard development.
- Built a **4-dashboard Power BI capstone** on a **14-table relational logistics database**, using DAX measures and Power Query to surface operational risks and revenue insights.
- Published project deliverables, including .pbix files, README documentation, and business insights reports, on **GitHub** to build a public analytics portfolio.
- Bring operations, administrative, customer service, and IT support experience across **4 organizations**, with strong data storytelling, documentation, and stakeholder communication skills.

TECHNICAL SKILLS

- **BI & Data Visualization:** Power BI Desktop, Dashboard Development, Data Storytelling, KPI Reporting, Interactive Slicers, Custom Themes
- **Data Modeling & DAX:** Star Schema, Date Tables, Time Intelligence, USERELATIONSHIP, Calculated Measures, Relationships
- **Data Preparation:** Power Query (M), Data Cleaning, Deduplication, Data Transformation, Data Quality Documentation
- **Analysis & Programming:** SQL, Python (Pandas, Matplotlib), Jupyter Notebook, Exploratory Data Analysis (EDA), Excel (Pivot Tables, VLOOKUP, INDEX-MATCH, SUMIFS)
- **Collaboration & Tools:** GitHub, Microsoft Office, Google Workspace, Stakeholder Communication, Technical Documentation, Cross-Functional Collaboration

DATA ANALYTICS PROJECTS

Logistics Operations Dashboard Suite (Capstone)

Power BI | DAX | Power Query

- Analyzed a **14-table** trucking and freight database (**2022–2024**) and built **4 interactive dashboards** covering executive performance, commercial and fleet operations.
- Used the **44.6% on-time delivery rate** across **36 months** as the narrative thread and defined separate Total Revenue and Total Billed Revenue measures to remove reporting ambiguity.
- Identified fleet risk with **65% of trucks** concentrated in the 2015 model year; applied synced slicers, report-level filters, and a custom theme.

HR Analytics Dashboard

Power BI | Power Query | DAX

- Cleaned a messy HR dataset in Power Query (deduplication, standardization, null handling) and built a **reusable custom M function** for multi-format date parsing.
- Modeled a date dimension with active and inactive relationships, using **USERELATIONSHIP** to analyze hires, terminations, attrition rate, tenure, salary, and engagement.
- Delivered a **5-page** interactive report with page navigation and a data quality write-up.

Superstore Sales and Profit Dashboard (AnalystLab Africa)

Power BI | DAX

- Developed a **3-page** dashboard with **9 DAX measures**, time intelligence, KPI cards and interactive slicers on sales data from **2014–2017**.
- Found that orders discounted beyond **20%** averaged negative profit and that Tables was the weakest sub-category; documented recommendations in a Business Insights report on GitHub.

HealthConnect Appointment No-Show Analysis

Python | Pandas | Matplotlib

- Performed data quality checks, EDA, and KPI analysis on about **5,000 appointment records**, identifying booking lead time and prior no-show history as the strongest predictors of the **48.5% no-show rate**.
- Collaborated with a Data Science intern, recommending interaction features to improve a no-show prediction model.

PROFESSIONAL WORK EXPERIENCE

De-Farmorela Automotive Ltd

Lagos, Nigeria

CUSTOMER SERVICE / HR ADMINISTRATOR

July 2025 – March 2026

- Served as first point of contact for clients and visitors, resolving inquiries by **phone, social media, and in person** to sustain high customer satisfaction.

- Maintained accurate records of incoming vehicle inventory and service documentation, supporting tracking and operational reporting.
- Coordinated procurement of vehicle parts and delivery to technicians, supporting timely service turnaround.
- Managed basic financial records and tracked expenses to support management decision-making.
- Coordinated staff schedules and maintained administrative and HR files for the Managing Director.

Holy Inn. Catholic Secondary School

Benue State, Nigeria

NYSC TEACHER

June 2024 – June 2025

- Taught **Basic Technology and Basic Science (JSS1–JSS3)**, aligned with national curriculum and WAEC standards, improving student engagement and academic performance.
- Designed lesson plans and developed formative and summative assessments, analyzing results to adjust teaching strategies.
- Led hands-on Basic Technology practicals that reinforced core scientific concepts.

Filmhouse Group

Lagos, Nigeria

FRONT DESK / IT SUPPORT INTERN

December 2023 – May 2024

- Resolved inquiries and technical issues for internal users by **phone, email, and in person**, ensuring a positive user experience.
- Scheduled and coordinated maintenance and support sessions across **multiple outlets**.
- Performed data entry and reporting and maintained accurate IT and administrative records using **Microsoft Office and Google Workspace**.

Swift Networks

Lagos, Nigeria

NETWORK OPERATIONS INTERN

January 2022 – June 2022

- Monitored network performance in real time and logged incident reports using **Nagios**.
- Documented issue resolutions and prepared performance and technical reports.
- Escalated tickets using **Zammad** and troubleshoot connectivity issues using terminal tools.

EDUCATION

Ambrose Ali University, Ekpoma

Edo State, Nigeria

BACHELOR OF ENGINEERING (B.ENG.), ELECTRICAL AND ELECTRONICS ENGINEERING

2017 – 2023

- Led a final-year group project on the design and implementation of a **solar inverter system** and CCTV installation.

PROFESSIONAL DEVELOPMENT AND CERTIFICATION

- **Data Analysis Curriculum**, TS Academy: Excel, SQL, Power BI, Python and AI for Data Analysts
- **Data Analytics Internship Programme**, AnalystLab Africa

LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

- **Financial Secretary**, Red Cross Club
- **President**, The Bridge Summer Camp
- **Group Leader**, University Final Year Project
